Advanced Search screen

Search for combinations of different fields. You can also use this to search for ISBN or books with a specific classmark (shelfmark)

View all stock matching your search in the SouthWest NHS region (which we can borrow on interlibrary loan) or select just material available at Plymouth Derriford Hospital (location)

You can limit by material type. If you find a Plymouth electronic book that you wish to use, click on the files link for the book and log in with an Athens username and password- if you have not registered for Athens access go to <http://openathens.nice.org.uk>

Renewal is only possible with a standard loan period which starts at the day you place the renewal request. Therefore it does not make sense to try to renew titles twice in a row. At the counters you can renew titles for a longer period.
